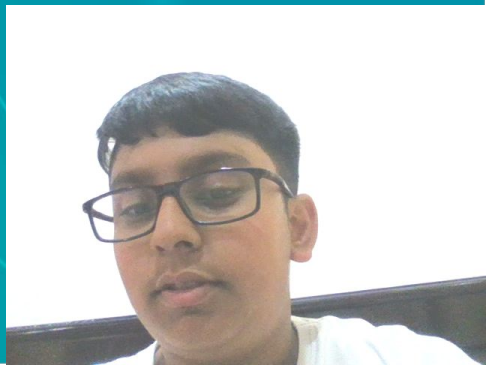
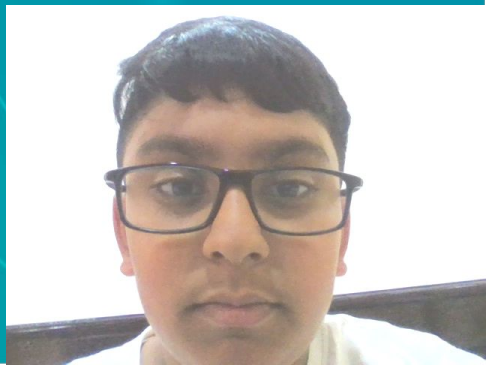
Acknowledgements

- My teacher, Ms. Mani, for helping me with everything I needed to know about this new app, blocks, and answering all my doubts .
- My teacher guided me to make this beautiful project.

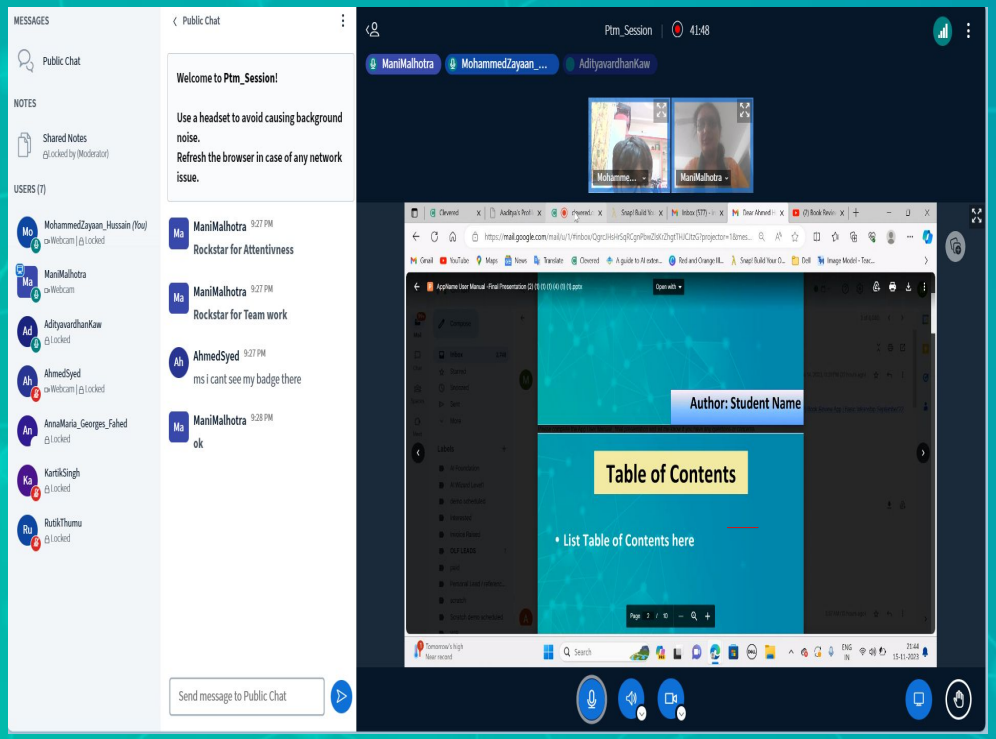


About Me..

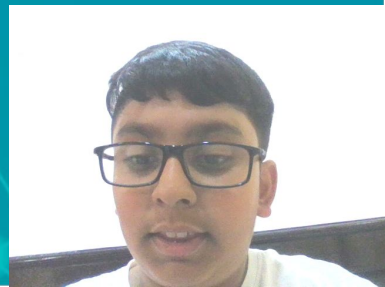
- Hello, my name is Mohammed Zayaan Hussain, I am 11 years old, I live in India, and I am from India.



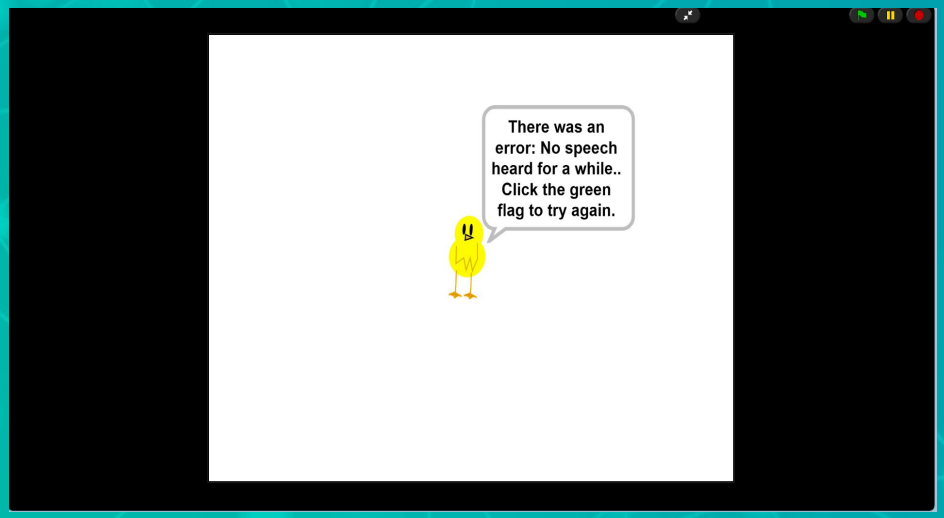
About My Internship with Clevered..



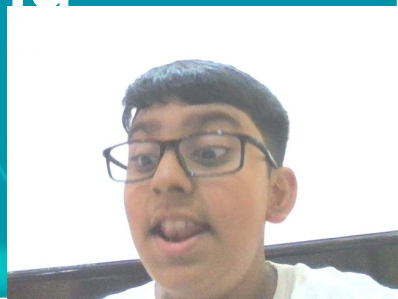
- My internship with Clevered, I love it, You get to learn so many things, and also you get to use Snap, a wonderful coding platform.



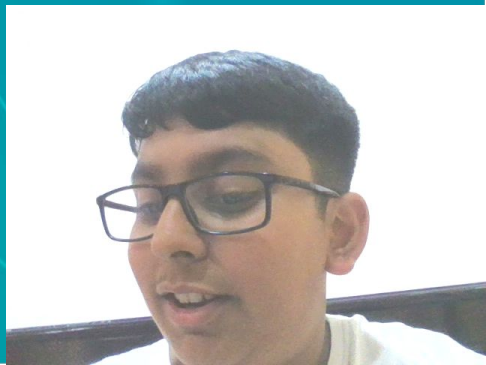
About App..



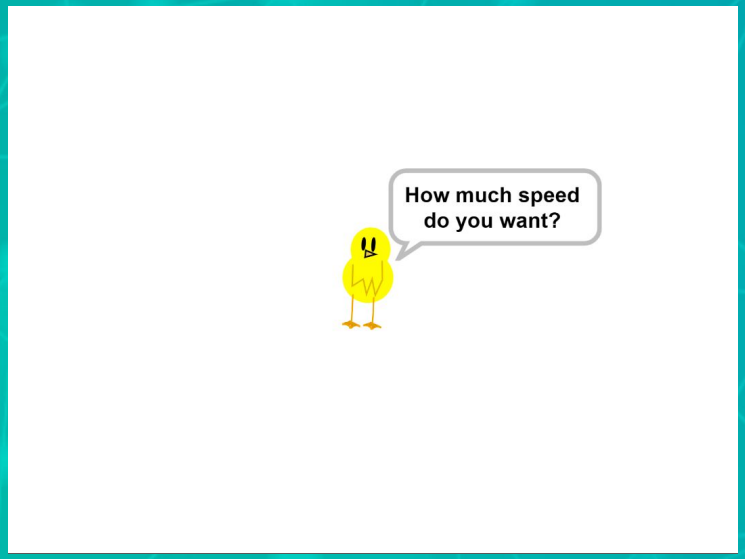
- My app is called Play with Duck, you play with this cute little duck that I made, and you get to do a lot of things with him. Talking, walking, and more.



How do I use the App?



Play with Duck



- To use Play with Duck, say change my speed to change its speed, and the same thing with –speed with –speed. Press space to jump, presst left arrow to go left, and press right arrow to go right
- There are words you can say to the Duck that will vary. If you say hello, it will say hello back, if you say, you are dumb, it will compare you to a line of code, if you say, you are cool, it will say thanks, you too, is you say tell me joke, it will tell a random joke, and lastly, is you ask what is my ip address, it will say I don’t know.
